

## 96Ace Group Commences Study on Covid-19 and Possibility of a Vaccine

**KUALA LUMPUR, MALAYSIA, 20 NOVEMBER 2021** – 96Ace Group’s company, 96Ace innoTech is initiating a research on the Covid-19 virus and development of a possible vaccine to halt infection of the virus.

96Ace InnoTech pharmaceutical personnel, consisting of top-notch scientists and researchers are coming together as one to contribute to the solution of the Covid-19 pandemic which is ravaging the world and taking innocent lives every day.

Their head scientist, Dr. Chan Seik Yok says “We cannot sit still and wait for help to arrive. We have to uphold our integrity as a pharmaceutical organisation to put our utmost effort to save as many lives as possible.”

“Every day, we are getting close to fully understand the virus and producing the solution to stop the spread once and for all. We are in the trial-and-error stage of vaccine development, and we hope it will be a success to end the pandemic,” said Dr. Chan.

96Ace InnoTech is also contributing their research to the Ministry of Health and other major healthcare organisation to provide more solution in regards to the Covid-19 pandemic. Their research was received with positive light, a sign that their solution is agreeable among the top medical practitioners.
