

## 96Ace Group Added Tea Plantation in Their Agricultural Business

**KUALA LUMPUR, MALAYSIA, 3 FEBRUARY 2021** – Tea plantation is the new addition to 96Ace Plantation agricultural business. The plantation spans a total of 80,000 hectares across seven tea plantation all around peninsular Malaysia.

Besides Cameron Highland tea plantation, 96Ace's tea farm is one of the largest in the nation and the Group is among the lead distributors and exporters of tea in Malaysia and abroad. Their tea is planted using the most advanced and modern method to ensure that the tea leaves are of the highest grade and also the healthiest in the market. In short, the tea leaves from 96Ace are completely organic.

96Ace Tea Plantation received assistance from another subsidiary company, 96Ace InnoTech. 96Ace InnoTech life sciences department has made various research and development to plant the perfect tea to produce the best in taste and nutrition. Therefore, every tea farm is meticulously handled with care from the best farmers and research & development personnel.

With that, 96Ace tea products are constantly on high demand in the local and international market due to their high quality organic tea leaves and their adherence to environment and safety policies. All in all, the finest tea comes from 96Ace's tea plantations.
